LORD BISHOP BURN'S VISIT.

Two Earnest Sermons—A Grand Reception.

The Lord Bishop of the Diocese paid his first visit to this parish on Sunday and Monday last.

On Sunday morning he delivered a very powerful and impressive sermon to a large congregation, on the right view of the doctrine of the "Holy Communion," and the duty of receiving the same.—Text taken from Cor. I, chapter II, verses 23, 24 and 25.

In the evening his sermon was on "Kindness," and the many ways in which it should be performed. He spoke earnest and impressive on these points.

On Sunday afternoon he preached a most interesting sermon to the farmers of the Buffalo Lake District, at the residence of Mr. Wm. Barles.

The singing at both morning and evening services was heartily rendered. The offertory of the day was given in aid of the church building fund, amounted to \$31.80.

On Monday evening a public reception and garden party was extended to the Bishop at the residence of Mr. T. W. Robinson. The lawns, fences and residence were beautifully decorated with green boughs, flags, etc. Tables and seats were erected for the comfort of the large gathering. The Moose Jaw Brass Band rendered many of their best selections, which added greatly to the enjoyment of the evening. During the evening refreshments were served to the large and friendly gathering. The Bishop expressed himself as being highly pleased with his visit to Moose Jaw. He left on Tuesday's train for Qu'Appelle.

The Bishop will visit this parish in November next, for the purpose of holding confirmation service.

Good Work.

Subject to a request of some town citizens, Mayor Grayson called a public meeting in the town hall on Saturday evening last, the purpose of which was to find out the feeling in general of the town citizens with regard to raising money by way of subscription for the wife and family of the late Louis Abbey. The meeting proved beyond doubt that the feeling of the public was to urge the scheme on, providing that the widow and brother of the deceased were willing to see such an act if kindness performed. Information was received to the effect that they were indeed in sympathy with the kindness of the public. Subject to a motion put before the meeting a list was drawn up, and the following committee authorized to submit the list to all parties feeling so disposed as to subscribe thereto: Messrs. Mayor Grayson, W. B. Croshaw and J. Sinington.

Up to date \$396.00 have been subscribed. The list remains open for contributors for thirty days.

The Loyal Orange Lodges of Caron Pasqua and Moose Jaw are also raising money in a similar manner for the same purpose.

The employees of Mr. James Brass' brick yard presented Mrs. Abbey with an order on Mr. T. W. Robinson, for the amount of \$50 worth of goods.

The C.P.B., friends of the deceased have a petition in motion and expect to raise in the neighborhood of \$2,000.

It is thought in all the sum will reach the neighborhood of \$3,000.

"Struck Oil"

Mr. J.——, a plasterer arrived in town on Monday last. Upon finding out that it was a necessity for him to purchase empty barrels in order to have a sufficient supply of water on hand for his needs, he at once set out

in search of the same. He purchased what was known to the seller as empty barrels, but to him one proved to be other than empty, for scarce had the drayman unloaded his load, when Mr. J.—— could be seen carrying the contents of the empty barrel, "pail after pail," to a vat which he had secured as a storage vessel. When asked if he had purchased oil and barrel, he replied that he had bought the three empty barrels and had now in return seven gallons of coal oil and barrels.

THE CIRCUS.

Sanger & Lent's Show—A Good Performance.

Wednesday morning about eight o'clock Sanger & Lent's circus arrived in town and hoisted their tents south of Manitoba St., near the station. The street parade was composed of two handwagons, six cages containing wild animals and birds, a baby elephant and a donkey.

The performance embraces a large number of remarkable good features. Sanger Aracris, the knife thrower, and his sister do a blood-curdling act. He throws knives and tomahawks, pinning her to the wall in several positions, the knives being so close that they have to be removed before she can get away. To wind up with he places a piece of bread on her throat, the head being thrown back, and he deftly cuts it with a keen sword without touching the white flesh below it. John Devenport and sister, bareback riders, give an interesting practical jockey act. The Martines, husband and wife, do some wonderful feats of balancing, and with the revolving ladder. The clowns are fairly good, their tumbling is even more interesting than their jokes.

The menagerie contains some fine specimens of wild animals, including lions, bears, deer, monkeys, birds, some peccaris and a baby elephant. There is less of the make-believe about this circus, and more of the genuine than the usual travelling class.

The usual gang of fakers did not put in an appearance, and the "walnut shell and pea racket," was not the exciting talk of the day, as it was when Leon W. Washburn's Great European Circus visited the town.

The Fox Concert Company.

The Concert given by the Fox Concert Company, in the Town Hall, on Tuesday evening ranks well with the best entertainments given in Moose Jaw this year. Although the audience was small, the company were deserving of a much better house.

The company was comprised of five artists, viz.:—Mrs. Geo. Lyall, Soprano; Miss Lillian Pratt, Alto; Mr. Reub Fax, Vocalist and Elocutionist; Mr. Jas. Fax, Humorist and Miss Pratt, Pianist.

Mrs. Lyall, who possesses a charming, well-cultivated soprano voice brought the audience to cheers of laughter with her song, "When the Day Grows Longer."

Mr. Reub Fax, whose wonderful voice has secured for him so popular a mark in the east, received hearty echoes. The audience were moved with his character song "See me Dance the Polka," and a comic song entitled "The Cat Came Back."

Mr. James Fax, who appeared before an audience here last year, made even a greater impression than on his former visit. He captured the house with his character song, "Try Jujah," a sure cure patent medicine. His representation of a medicine agent is good.

Miss Lillian Pratt, who, owing to ill health was unable to appear, possesses a sweet-toned alto voice.

Miss Pratt, pianist, favored the audience with several piano solos, which were heartily enjoyed.

BUFFALO LAKE PIC-NIC.

A Large Crowd—Base-ball, Football and Athletic Sports.

On Tuesday, the annual Buffalo Lake picnic took place in the grove of Mr. James McCoy. At the hour of one o'clock the crowd far exceeded that of any former year. Lunching at once commenced. After lunching the following programme of sports was carried out:

BASE BALL

Buffalo Lake vs. Buffalo Lake, picket teams, comprising the following gamblers:—

McCartney, pitcher,	Tuxford, pitcher,
McCartney, catcher,	Franks, catcher,
Latham,	Gilmour,
Bain,	Wilson,
Smith,	Franks,
Cutler,	Dearymple,
Gallyher,	Gilmour,
Winn,	Battell,
Tuxford,	Smith,

Mr. R. McCartney and A. Tuxford acted as captains. The game was a good one, the score being six to two in favor of Mr. R. McCartney's well chosen nine.

This event was followed by a similar, but much more attractive game, the players being chosen from the standing crowd, by two lady captains. The teams consisted of eight ladies and eight gentlemen, equally divided, four of each sex on each side. The players were as follows:—

Miss E. Winn, capt.	Miss Rouatt, capt.
A. Beasley,	W. Winn,
Miss S. Crocker,	Miss B. Beasley,
W. Timmins,	G. Young,
Miss Haggerty,	Miss S. Winn,
T. Falker,	J. Rouatt,
Miss Porter,	Miss M. Beasley,
J. Doan,	W. Haggerty,

The score was large, Miss Winn's team having scored twenty-four runs while their opponents scored but eight. Mr. T. Franks assisted by Mr. John Rouatt acted as umpire and most ably conducted their duty, for on more than one occasion there was as many as three of the fair sex on one base, and the umpires simply gave their decision as all safe.

FOOT BALL.

The next event was that of a football match between the Englishmen and Canadians of the Buffalo Lake district. The contest was very keen there being but one goal scored, it falling to the Canadian team.

In the Athletic sports Mr. N. McLehlan captured the prize for the putting of the stone.

Mr. T. Hesley, who ran the refreshment booth on the grounds, reports having had a very successful day.

The days enjoyment ended in a lively dance at the residence of Mr. H. Gilmour.

Lost in London.

Mr. Newton Beers, who is to appear in Moose Jaw Town Hall in "Lost in London" on Saturday the 29th is a well-known and powerful dramatic actor. In the roster of his company may be seen the names of several well-known actors; notably, Miss Kate Romaine, who plays "Tiddy Draggleshorth." Miss Romaine was the original of this remarkable character in Mr. Beers' New York production of the play. Miss Lora Addison Cliff, who is sub-starring with Mr. Beers, is an artist entirely worthy of the place assigned her. As "Nellie Arroyo" she wins the sympathies of her audience at the first and holds them with her to the end. Mr. Tommy White, who appears in the principal comedy role of "Benjamin Blinker," is a comedian of rare ability. The "Mauvaise Humeur" of the play is Mr. Walter Holmes. Mr. Holmes is a handsome young fellow, and as "Gilbert Featherstone," he makes an excellent foil for "Job" the hero of the play. Miss May Lovington is a sprightly little sourette and introduces her clever dancing specialties in a most pleasing manner. The rest of the characters of the play are in capable hands.

THE MOOSE JAW TIMES.

FRIDAY, JULY 28, 1893.

SALMAGUNDI.

"Draw nigher till I whelper in thine ear." OLD SONG.

When the World's Fair is over Chicago will be Chicago, Ill., indeed.

A professor, who used to teach the grandfathers of the present generation of students objected to the pronunciation of "woond," as if were spelled "woond," and his students used to hunt for chances to make him explain his objections. One day he stopped a student who was reading to the class, and said, "How do you pronounce that word?" "Woond, sir." The professor looked ugly and replied, "I have never found any ground for giving it that sound. Go on."

After the return of the drummer from his travels his young wife explored his trip with an expectant face. Failing to find that of which she was apparently in search, she turned to him and said:

"Where is the jag?"
"The what?" he asked in astonishment.

"The jag. Mrs. Lucas says her husband saw you in Chicago with a lovely jag on. Whatever it is, you are not wearing it and it is not in your grip."
"Oh, that's all right. I left it at the office. By the way, I saw a handsome spring hat in a milliner's shop down town. If you care we will go down town, and you can look at and if you like it you can have it."

New England thrift has become a proverb, and there is no doubt that the disposition which the possession of it implies is often highly commendable. It is a man's duty to himself and to his neighbors to get on in the world, to support himself and his family and to make suitable provision for his old age. If incidentally to this he can get rich, and knows how to spend his money wisely, he can be of still further service to the community. For money after all, is only valuable for what it can buy, and the really thrifty man is he who distributes it to the most advantage. But Yankee thrift has come to mean something so closely akin to avarice that the distinction is somewhat difficult to draw—to indicate a joyless narrow, money-grubbing existence, such as by all accounts Andrew Borden led, and against which even his impassive and self-contained daughters were driven to rebel. This is what New England Puritanism has come to; no longer purely a theological belief, numbing every natural instinct, but an exaggerated devotion to some futile standard of duty, whether of making one's self and other people unhappy or of piling up the dollars out of love of hoarding.

Some are jealous of the supremacy of Weather as a topic for talk. What can be more stupid, they ask, than to say fifty times that it is hot to-day, but not so hot as yesterday, and not to be compared with the corresponding day of last year.

We have no sympathy with these persons. The weather is a subject of never-failing, universal interest. It sets conversation going, and fills up the awkward gaps. It is democratic. It is a meeting ground for crabbed age and youth, for wisdom and honest ignorance. The poet who is thinking of the skies and the fleecy clouds and the tradesman who is anxious about sales meet and agree that it is a fine day. The agreement is only nominal, because a fine day means for one what it does not mean to the other. But the exchange of this simple formula enables each to express his opinion without talking shop. The weather is a grand defence against even clever people, who would like to unload on the unwary stranger their views on home rule for Ireland, the Briggs heresy case, the elections in Germany, the condition of the world and the destiny of Canada.

People find fault with this poor old world as it is, but what an abode of

woe it would be if pleasant chat about the weather gave place to aphorisms characterized by startling originality and owlish wisdom.

GENERAL NOTES.

If the Christian Endeavor Society did nothing more than bring men of different churches and divergent beliefs into closer relations, it would have already fully justified its existence. The meeting at Montreal, of which the country has heard so much, has shown that the chasm between Catholics and Protestants is not so broad and deep as many suppose. This is seen in the fact that Mayor Desjardins extended an official welcome, and among other things said: "While I am a Roman Catholic myself, and while Montreal is a Roman Catholic city—that is, the greater portion of her citizens profess that faith, none will extend a heartier welcome than we will." It is not a battle of creeds nowadays but a battle between belief and unbelief. According to the reports this utterance on the part of the mayor called forth a storm of applause from the thousands present, both Protestants and Catholics.

There are some things that are very good to tell foreigners, but they are not quite so well suited for home consumption. At the recent Epworth League Convention held in Cleveland, Dr. Withrow, of Toronto, told the assembled multitude that, in Canada, "if an administration could not command the confidence of the people, it had to go out at once, and not stand upon the order of its going either." This has an excellent sound, and we do not blame the Rev. Doctor for working it off on the people he was talking to; but here in Canada we know that what keeps a party in power is the strength of its organization and the interested support it can purchase by a skillful patronage in its various forms. A scandal of the magnitude of that brought to light in the year 1873 may shatter the organization by detaching some of the more honest voters, but has positively no effect on the purchased or subsidized support, unless things look so black that the rats begin to look out for a safer ship. The confidence of the country is a fine thing to talk about, but the politicians do not lose much of their rest thinking about it.

Attention to Details.

Careful attention to details very often is the turning point between a profit and a loss. This is more noticeable when competition is strong in the farming line, while prices are low and fluctuating. Hence make the best use of each day. Have the men do some work that tells to advantage. Do not let crops go to waste, but secure them promptly when matured, look after the stock while at pasture, give the work animals healthy food, feed regularly and do not water when too warm. If the harness, vehicles or machinery have any weak points, repair in time and do not wait until a break occurs that may cause hours of lost time in a busy season. Keep the fences in good repair, thereby saving your own crops and keeping on good terms with your neighbors. Sell crops and stock when a fair price can be obtained. If a neighbor has stock for sale cheap and you have the pasture, or feed, to still further add to its value, then make a deal. Trading sharpens the wits, and makes one more observant of honest opportunities.

A Brockville Druggist's Case.

BRACKVILLE, April 24.—The popular impression is that doctors and druggists seldom take their own medicine. This is no doubt true, but when a doctor takes ill he generally calls in one of his own profession, in whose skill he has every confidence, or when a druggist is in a similar situation, he often puts his faith in some other chemist, which he knows give good results. Both the doctors and druggists in such cases show their good sense. A case in point happened in this town a short time ago. Mr. F. M. Turner, the well-known and popular druggist, who is now travelling for Parke, Davis & Co., has for a long time been a sufferer from congestion and inflammation of the kidneys. He tried a great many

remedies, but without results. His patrons, however, spoke so highly of Dodd's Kidney Pills that he was induced to try them. He now states that he is completely cured, and to your correspondent he said that as a rule had very little faith in patent medicines, but that for the cure of kidney troubles, rheumatism, backache etc., he does not know of any remedy that is giving such good results as Dodd's Kidney Pill.

TEACHERS WANTED.

"Teachers Wanted for the Primary and Junior Departments of the Moose Jaw Public School. Applications to be in not later than August 2nd. Applicants for the Junior Department must hold 2nd class professional and for primary department must have had experience."

5b SEYMOUR GREEN, Secretary.

When we assert that

Dodd's Kidney Pills

Cure Backache, Dropsy, Lumbago, Bright's Disease, Rheumatism and all other forms of Kidney Troubles, we are backed by the testimony of all who have used them.

The Moose Jaw Times.

FRIDAY, JULY 28, 1893.

LOCAL AND GENERAL NEWS.

Inspector Hopkins of the N. W. M. P., was in town yesterday.

Mr. Wm. McCarter is erecting four commodious dwellings on River St., east.

On the last Sunday in each month there will be no morning service in the Church of England.

Mr. J. N. McDonald of the Virden Chronicle spent a few days in town this week.

Mr. R. C. Macdonald returned on Sunday last from his business trip to Winnipeg.

Mr. Hamilton Lang, editor of this paper, is visiting friends in Brandon and Winnipeg.

Mr. James Cryderman, of Northgore, Ont., is spending a few days in town visiting friends.

A child of Mr. C. Hewitt, of Caron, was buried in the Moose Jaw Cemetery on Sunday last.

Rev. Mr. Maxworthy, of Belmont, Ont., will fill the pulpit in the Methodist church on Sunday evening next.

Mr. Joseph Daly has been engaged to run the electric light plant. So far the lights are of a superior quality.

Miss Martin and Miss Dickson who have been spending a few days with friends in Regina and Lumsden, returned home on Saturday last.

In accordance with the request of a petition signed by over forty ratepayers, Mayor Grayson declared (today) July 28th a civic holiday.

Mr. James Ostrander and Mr. H. Annable who have been down the line dealing in stock, arrive home on Wednesday with a car of wellbred stock.

The following parties returned from visiting the Winnipeg Industrial Exhibition on Monday last:—Mrs W.W. Bole, Miss E. Clarke, Mrs F. A. Miller, Mrs. Hugh Gilmour and Mr. H. Smith.

Rev. Dr. Jardine, late Presbyterian minister of Prince Albert, and sometime editor of the defunct Saskatchewan, has notified the Regina Presbytery that the Confession of Faith does not now express his true religious convictions, and has asked to have his name removed from the roll as minister of the church. In accordance with this request the Regina Presbytery has forwarded a circular to the different Presbyteries of Canada, notifying them that Dr. Jardine's name no longer is enrolled as a minister of the Presbyterian Church of Canada.

Mr. M. R. Laycock is completing the construction of his residence on High St., west.

The family and friends of the late Louis Abbey wish to express their deep gratitude to all whose sympathy they have had during their late bereavement and especially to the members of the Loyal Orange Lodge for the exceedingly kind, thoughtful and brotherly manner in which all the details of the burial were planned and executed.

On Monday afternoon Town Inspector Battell brought before Mr. Seymour Green, J. P. two young men on a charge of disorderly conduct and infringing upon the town By-laws, on Saturday night last. They pleaded guilty and were let off with paying \$2.50 costs, it being their first offence.

On Monday evening a public meeting was held in Russell Hall for the purpose of organizing a gun club. Mr. James Ross presided as chairman. Moved by W. J. Nelson, seconded by H. W. Carter that a gun club be organized to be known as the Moose Jaw Gun Club. (Moved by W. J. Nelson, seconded by Wm. Patterson that the chairman appoint a committee to draft rules. Officers were elected and the meeting adjourned to meet on Monday next.

Mr. G. A. Mitchell, travelling agent for the Bell Telephone Co., spent Monday canvassing the business men of the town with a view of putting in a plant at this point. He has succeeded in obtaining orders enough to ascertain the movement on sound footing. It is his intention to commence work on the putting in of the new plant at once. The central office will be at the residence of Mr. S. J. McDiarmid, High St.

Our theatre goers will have an opportunity this week to see a good play produced by a good company, and headed by one of the best character actors who holds the boards of the theatre today. Newton Beers' "Lost in London" has achieved a success in the past five years which very few plays attain. Its public popularity is merited, for it possesses much pathos, is true to life in the class it represents. The comedy element is of a robust hearty order, and carries the audience good humoredly through to the end. Mr. Beers appears well as "Job Armory." He has a pleasant presence, a strong voice, is easy of gesture, and is well adapted to the part. He has surrounded himself with a good supporting company. The scenic effects in "Lost in London" are especially good as given by this company. Mr. Beers will be seen in "Lost in London" at the Town on Hall Saturday night.

BOHARN CLEANINGS.

As the TIMES seem to be suffering for want of some news from Boharn I think I will take up my pen and favor the public with a few gleanings. The scathing remarks of the last correspondent "Looker On" seem to have annihilated our female correspondent "Rambler," who, it seems, has left the field for good.

"Poor Rambler!" I hope she is not going to let such a person as "Looker On" come down on her in such style. For my part I do not see that "Rambler" has injured anyone's feelings as "Looker On" seems to imply. The persons mentioned in "Rambler's" Jottings seem to have taken the whole matter as a huge joke. Arise and shine "Rambler" and give "Looker On" a dig for questioning your ability to write to the TIMES.

Sad to relate Boharn has lost two members of its community during the last few weeks by death in the persons of Mr. J. Hill and Mr. A. Walrath the latter having only come up here this spring from Ontario. Both leave a wife and family.

The Rev. Mr. and Mrs. Maxworthy of Belmont, Ont., are visiting friends here. Mr. Maxworthy preached in Boharn church last Sunday and purposes doing likewise next Sunday. Mrs. G. Williams, of St. Thomas, is

paying her annual visit to the North-West.

Any visitor at Boharn last Thursday the 20th, would have been struck by seeing the vast number of plough teams and rigs that were wending their way to the same destination, such destination being the farm of the late Mr. Walrath, where a ploughing bee was held in aid of the widow. Some of the teams came from quite a distance to give their help. About twenty-five teams were present and about an equal number of acres were turned over.

As one of the Boharn Quartette is absent we have not had any anthems lately. As he is expected to return soon we hope to be favored with a selection next Sunday.

The haymakers have been quite busy during the past two weeks in this district, but as the hay is very scarce there has been quite an excitement among them as to who will get the hay.

Crops in this district are not looking very well generally excepting "summer fallows," owing to the want of rain.

Mr. Joe Bate has purchased a new covered buggy.

As the Rev. Mr. Abbott was hitching up his horse last Friday for a trip to Moose Jaw the animal took fright and ran away and after circling round the prairie for some time was caught at Mr. Greens farm. Fortunately nothing was broken and the trip was made just the same but without cautions and lap rug.

PASQUA.

Work on the Soo line is steadily progressing. About one mile of steel is already laid and only the absence of material prevents a more rapid completion.

Mrs. and Miss Stemmson of Huron Co. and Mr. Cameron from Grandville are visiting at James Stemmson's.

Miss McGee and Mrs. Henry and two sons have left Pasqua for Rand where they intend to remain for a few weeks.

We are pleased to report that James S. Dalgetty, who unfortunately took sick after his arrival is able to be around again.

Mr. W. Hughes, arrived from the east on Sunday evening. He and his brother Joseph intend starting a large ranch.

His Honor Lieutenant Governor Royal has made a judicious selection in the appointment of James Stemmson to Justice of the Peace.

The people of this vicinity intend holding a picnic on the Moose Jaw river in the near future. Arrangements are not yet completed, but the date fixed but we hope that in your next issue we will be able to give full particulars of what will undoubtedly prove a decided success.

A few of our farmers have begun haying and report that the yield is unsurprisingly large for such an unfavorable season.

Com.

BIRTH.

BIRBECK—In Moose Jaw, on the 24th inst., the wife of Mr. T. E. Birbeck of a son.

A Wagon Load Of Money

does not necessarily imply content and happiness on the part of its possessor. It is not money that gives us pleasure, but the things that money will buy.

Some people spend money foolishly and fancy they find enjoyment in doing it, but the pleasure is more fancied than real. No man who buys

The McCormick No. 4 Steel Mower can ever be accused of spending money foolishly, and he'll find a hundred reasons to convince him of his wisdom.

We are building the No. 4 to meet the demand for a really superior mower, one that embodies the prime requisites of durability, convenience and light draft. You'll like this mower; not merely because thousands of other farmers like it, but because it is a really reliable machine. If you are going to buy a mower you ought to see the No. 4.

Get the McCormick Catalogue any way. All agents furnish it on application. McCORMICK HARVESTING MACHINE CO. CHICAGO, ILL.

PUBLIC NOTICE.

The first general meeting of the share holders of the Moose Jaw Creamery Association under incorporation will be held in the town hall, Moose Jaw, on Friday, August 11th, proximo, at three o'clock in the afternoon for the purpose of electing officers and the adoption of rules and by-laws for their guidance.

Also for the purpose of considering the advisability of sanctioning a loan of money offered on favorable terms to the Association and generally to consider and decide upon such matters as may be considered necessary for conducting the affairs of the Association. Dated this 20th day of July A. D., 1893.

(Sgd.) THOS. E. BAKER, President.
J. E. ANNABLE, Secretary.

NOTICE.

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining, Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations on that behalf, and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy of the Minister of the Interior, Department of the Interior, Ottawa, July 1893.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba and the North-West Territories, except 8 and 26, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is the head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made unconditionally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive Authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied as additional second or third class to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken in the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.

3. The five years' system under which a settler may reside anywhere for the first two years (but must perform duty by commencing cultivation within six months after the date thereof) breaking five acres the first year, cropping three acres and breaking 10 acres additional in the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, Winnipeg, of his intention to apply for patent. The notice of the settler application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

A SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of preemption conferred by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1893.

INFORMATION.

Full information respecting the land, timber, coal or mineral laws, and copies of these Regulations as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. BURGESS,

Dep. Min. of the Interior.
